

## **GREENHILL PARISH FENCE REQUIREMENTS**

- ❑ Submit to MJS a completed Oldfield/Greenhill Parish Homeowner's Association Application for Architectural Review. As part of the application, present to MJS a plat denoting the footprint of the house, lot lines, any known utility easements and the placement of the fence and the location of any gates. All gates shall be compatible to that of the fence.
- ❑ Fence details should include height, dimensions, color selections, and choice of materials.
- ❑ The height of the fence should not exceed 5 feet.
- ❑ No privacy or screen fences are allowed.
- ❑ Wrought iron or cast aluminum painted black and invisible fencing (in ground electric fence) for pets are allowed.
- ❑ Wood picket fences shall be constructed of treated materials and stained either a natural color or painted to match the trim color of the house.
- ❑ Brick, stucco or stone columns combined with either wrought iron picket, brick lattice wall, or evergreen hedges are allowed. Columns with two corbels shall be positioned on the lot corners. The architectural review board reserves the right to determine the number of intermittent columns as well as the spacing of these columns. The facade of the columns shall match the home (i.e. stucco, brick, or stone).
- ❑ All approved fence plans are required to be completed within 30 days from its commencement.
